

WEBB COUNTY APPRAISAL DISTRICT

3302 Clark Blvd., Laredo, Texas 78043

ATTENTION BUSINESS OWNERS!!!

Effective January 1st, 2018, a new deadline has been established for business owners to file their taxable personal property rendition forms. With the passage of House Bill 2228, **the new deadline to file 2018 rendition forms with the Webb County Appraisal District is April 1st.**

Business owners are encouraged to contact District's staff to address any questions, or to seek assistance with the filing of any rendition forms. As a reminder, to render is to simply list all taxable inventory, furniture, fixtures, equipment and other property a business **owned or controlled as of January 1st.**

To avoid a (10%) penalty for filing the rendition form late, **please make sure you file by April 1st, 2018.** If this deadline falls on a weekend or holiday, the deadline will automatically be moved to the next business day.

For questions or additional information about rendering, deadline extensions, and rendition forms, please contact the Business Personal Property Department directly at (956) 718-3763. More information is available on our website, www.webbcad.org and/or our Facebook page!
